Introducing

Bob “the Builder” Brady

Example of one of the hundreds of houses in my care

If elected I will continue in my capacity of Chair of Erimus Housing

Boarding up sound and solid ex MBC housing stock with the view of demolition to make profits for Erimus on the land values so I can continue claiming expenses from MBC and Erimus without these funds I don't know how I would survive

So please support me to demolish homes across the town in my quest to destroy Middlesbrough for capital gain for the few

As you may know or not and I am not concerned that you do not

I receive more money per week in expenses than most in fact I must be one of the highest paid destroyers in town and I want it to remain that way

In Beckfield Housing Company Erimus have and will continue to demolish sound and solid homes along with garages and anything else we want to

So please help me to help myself

To Middlesbrough Council Tax Payers assets of land housing and money
